Despite her recent split decision loss to the Squad in a gruelling 6 rounder, 2020 Democratic Presidential candidate Tulsi Gabbard remains a much feared competitor in Congress, having knocked out all her other opponents in 1-on-1 matchups in either the first or second round. In her latest fight, she floored Senator Mitch Romney with a left hook to the jaw 15 seconds into round one, notching yet another KO victory.

Dear Prime Minister Trudeau:

Congratulations on your party's recent electoral victory.

Here in Alberta, of course, you were shut out as our propaganda machine was 100% successful in blaming you for this economic mess that our province is in.

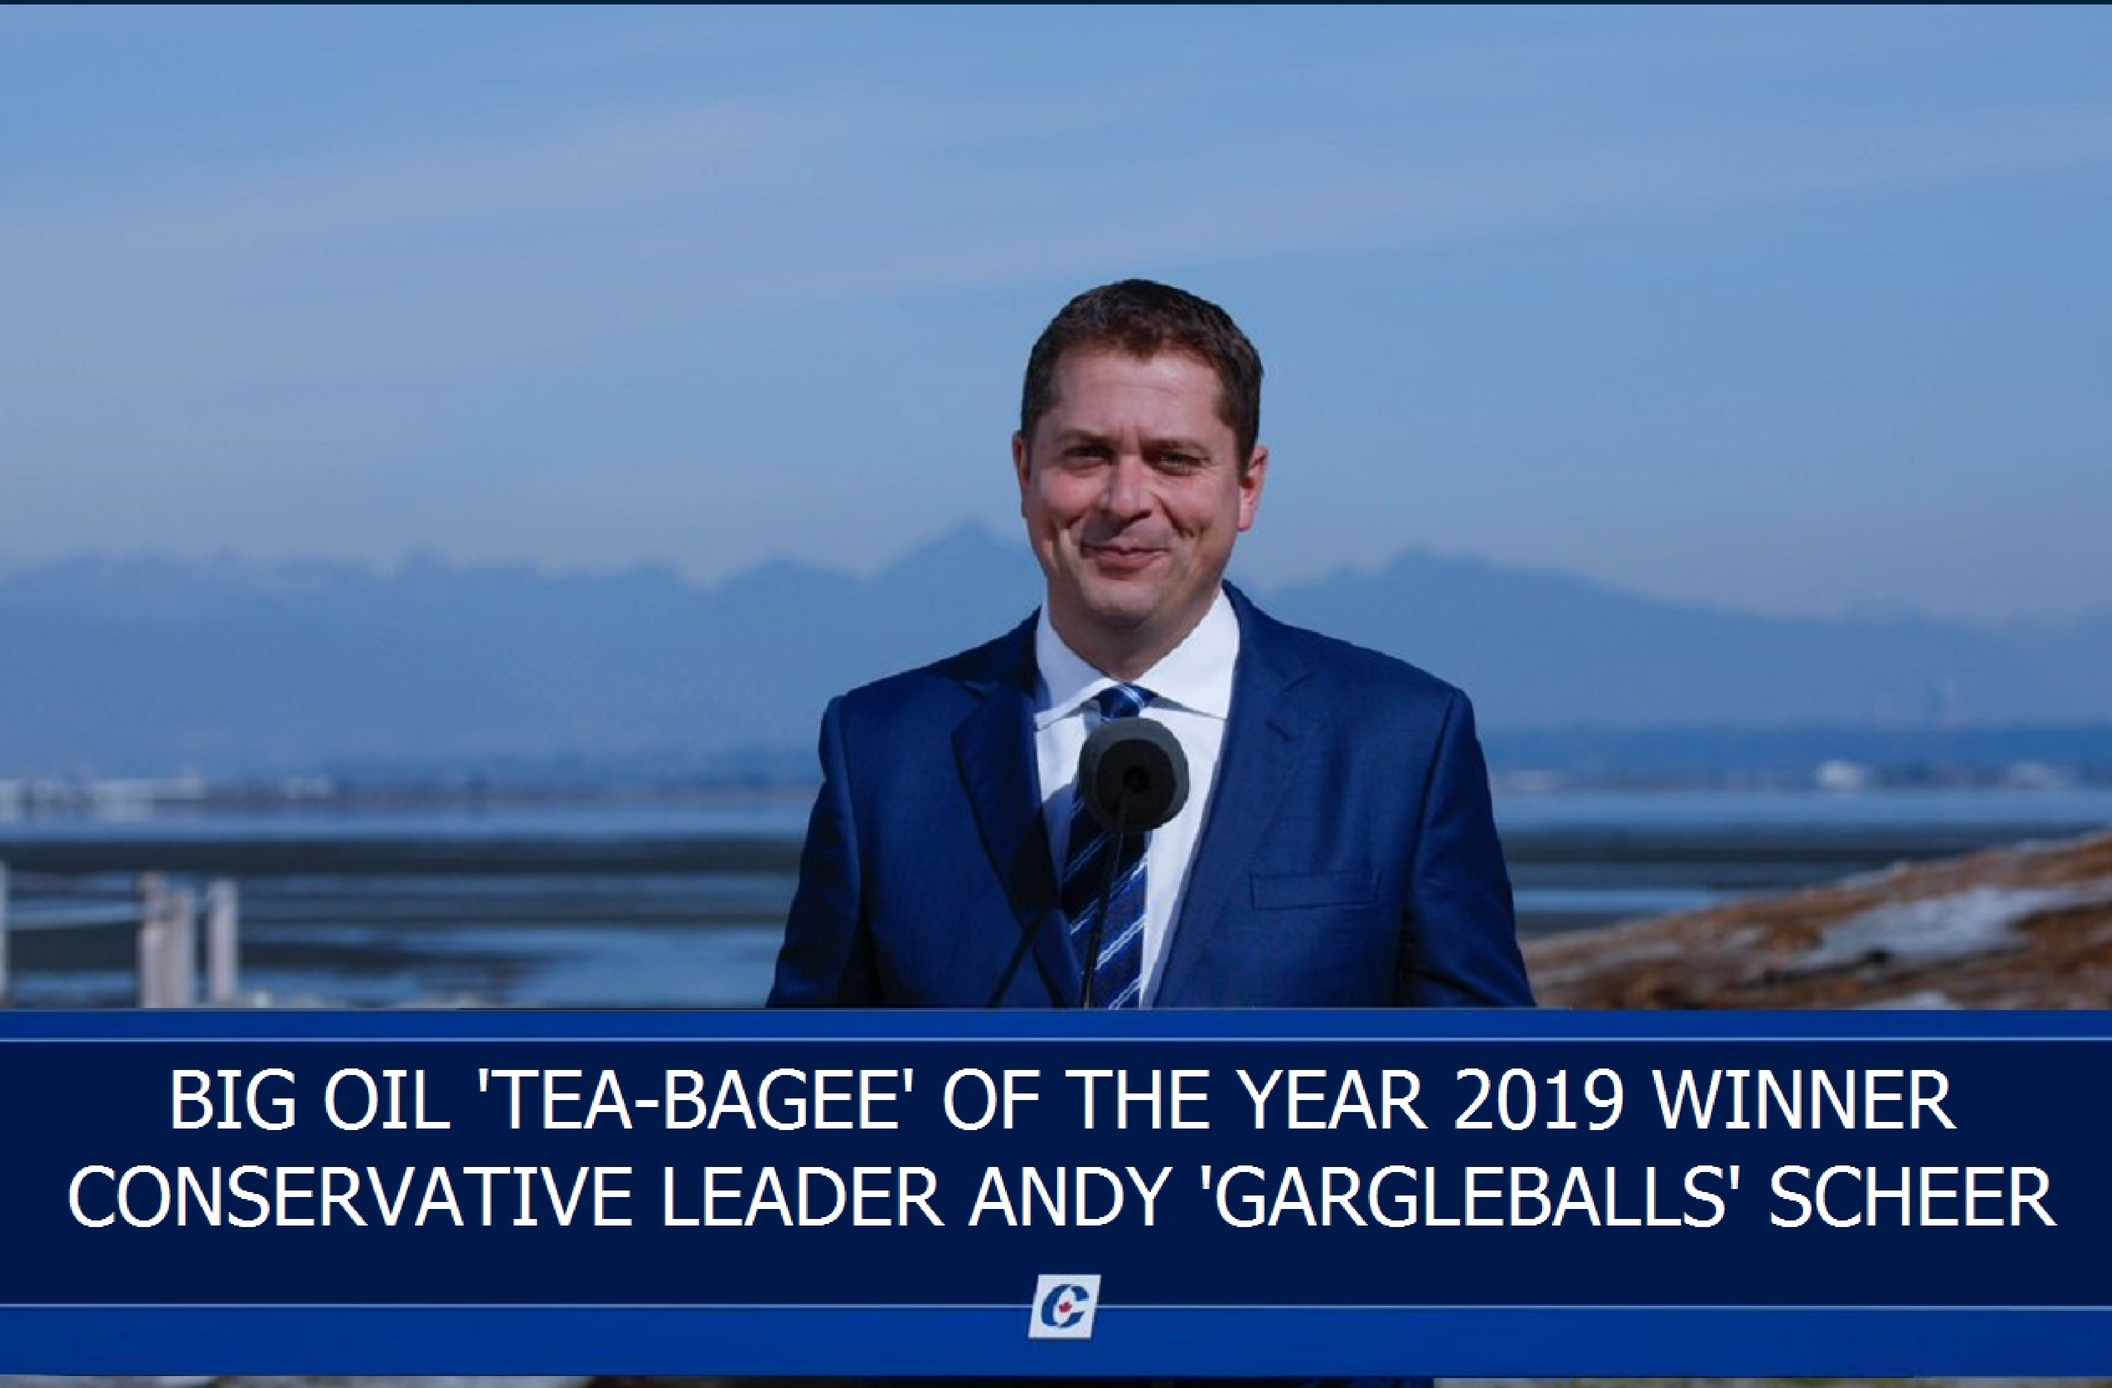

Both you and I know that had Conservatives not decided to cap our sovereign wealth fund, we would not now be suffering from the inevitable vicissitudes that boom/bust cycles inherent to resource extraction economies cause.

No matter, though, as the gullible nincompoops that pass for citizens in this verdammit rat-hole will swallow anything if we bombard their numb skulls with enough propaganda, vis. that you are responsible for our economic mismanagement, not us.

Now we are going to clamor for separation from Canada if you don't accede to our mostly ridiculous demands. Cheers.

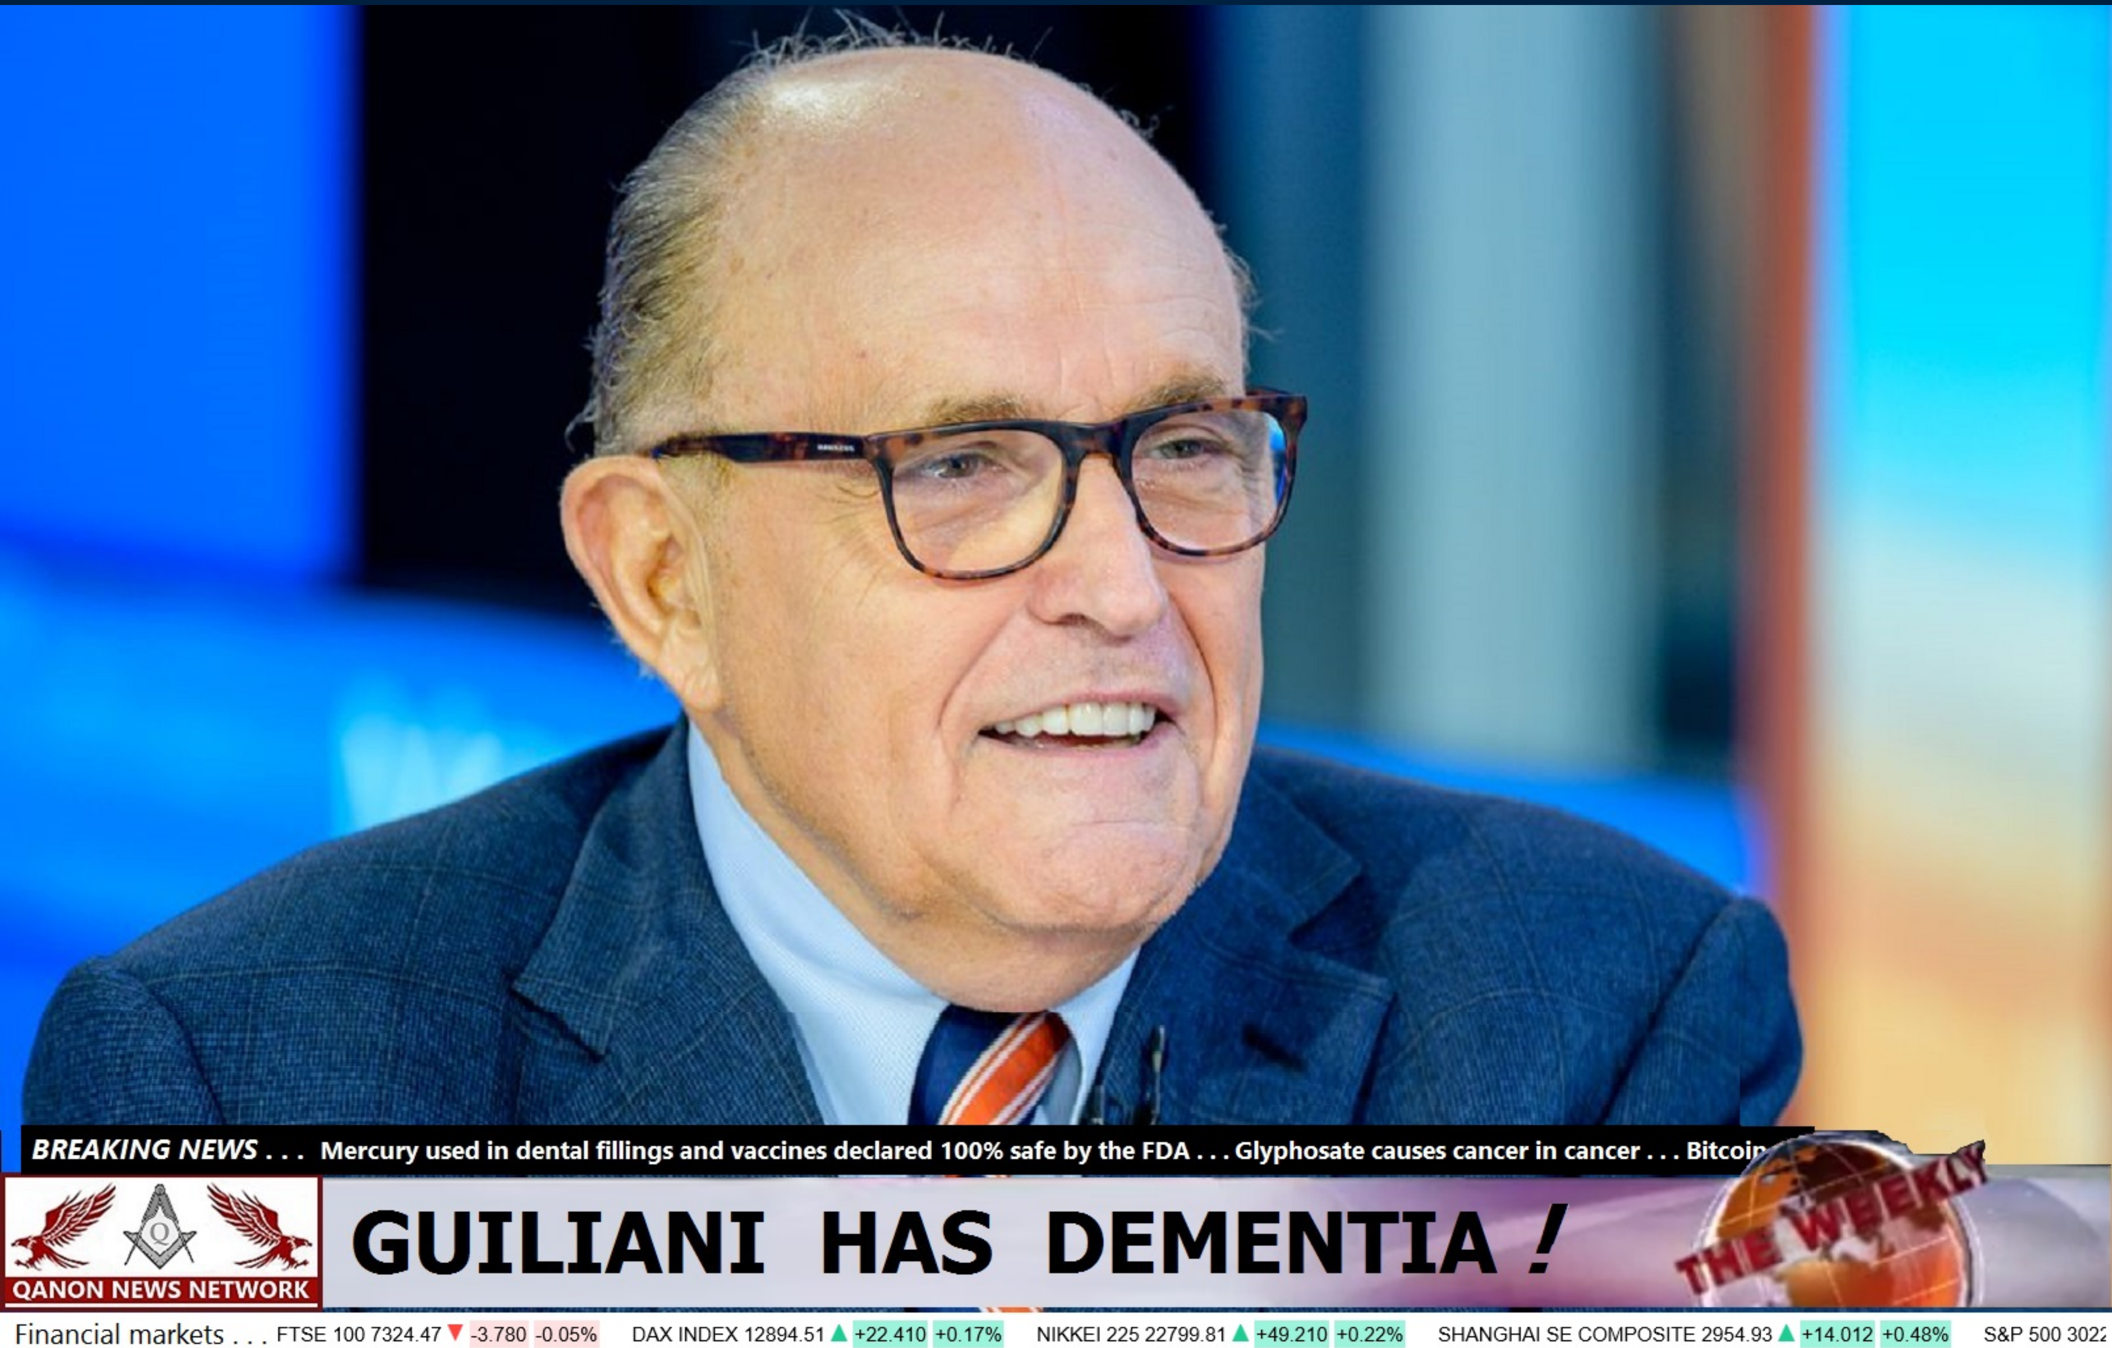

Sincerely,

Hon Jason Kenney PC
